

EMPLOYER:

Engineering & Terminal Services, LP

JOB TITLE:

Senior Electrical Engineer

WORKSITE:

411 N. Sam Houston Pkwy E.
Suite 150
Houston, TX 770060

REQUIREMENTS:

- Bachelor's degree in Electrical & Electronic Engineering or foreign equivalent.
- Minimum five (5) years of experience as an Electrical Engineer.

JOB RESPONSIBILITIES:

Design, implement, maintain, and improve electrical instruments, equipment, facilities, component, products, and systems for commercial and industrial projects for use in the petrochemical industry. Operate computer assisted engineering and design software equipment to perform engineering tasks. Coordinate manufacturing, construction, installation, maintenance, support, documentation, and testing activities to ensure compliance with specifications, codes, and customer requirements. Perform detailed calculations to compute and establish manufacturing, construction, and installation standards and specifications. Plan and implement research methodology and procedures to apply principles of electrical theory to engineering projects. Prepare and study technical drawings, specifications of electrical systems and topographical maps to ensure installation and operations conform to standards and customer requirements.
